# Garage Equipment Brochure

Fleet Factors can offer your workshop various solutions from our wide range of workshop equipment.

Working with the UK's leading workshop equipment manufacturers and importers, we can assist you with your major capital equipment plans from a replacement pit jack to all fully approved DVSA CV brake tester, along with many other solutions..

## Range includes:

- Vehicle lifting from 2 post to CV mobile column lifts
- Vehicle inspection pits
- Fixed and mobile commercial vehicle brake testers up to 20 tonne axle capacity
- CV vehicle diagnostic equipment solutions, software and support
- CV ADAS and wheel alignment solutions
- Trailer testing solutions
- Parts washer and vehicle cleaning solutions
- Wheel service equipment including tyre changers and wheel balancers
- Transmission lifting equipment and CV pit jacks up to 40 tonne
- Lubrication handling and distribution
- Diesel emission testing and headlamp alignment equipment
- Compressed air solution for any workshop or body shop
- Vehicle battery management
- Welding solutions for CV workshops and body shops
- Vehicle air conditioning equipment
- Specialist DPF cleaning equipment for all DPF's
- Workshop heating solutions

# Finance & Lease Information

## Spread the cost to suit your needs

Spread the cost between 1 and 5 years subject to status.

## Fixed monthly payments

Monthly payments are fixed for the duration of the lease agreement.

## Major tax advantages

All lease payments are subject to tax relief.

# Frequently Asked Questions...

## Is a deposit required?

Normally a deposit is not required, however this can change and is subject to credit status. You can if you wish to optionally pay a deposit.

## Do you have to pay VAT up front?

This is not normally required however this may be if the customer decides to take out hire purchase.

## Can the lease cost increase?

The monthly payment is fixed for the entire lease agreement. The VAT rate may increase or decrease if legislation changes.

## How long is the lease?

The lease agreement term can vary from 24 to 60 months, depending on your credit status and budget.

## Are there any hidden fees?

No, there is however a document fee which is applicable. The equipment purchased must be insured by you otherwise the equipment will be added to the banks block policy.

## Can a new business lease?

Yes, it is however slightly more difficult for new businesses and its possible that higher rates apply. All lease agreements are subject to status and acceptance.

### Have a question?

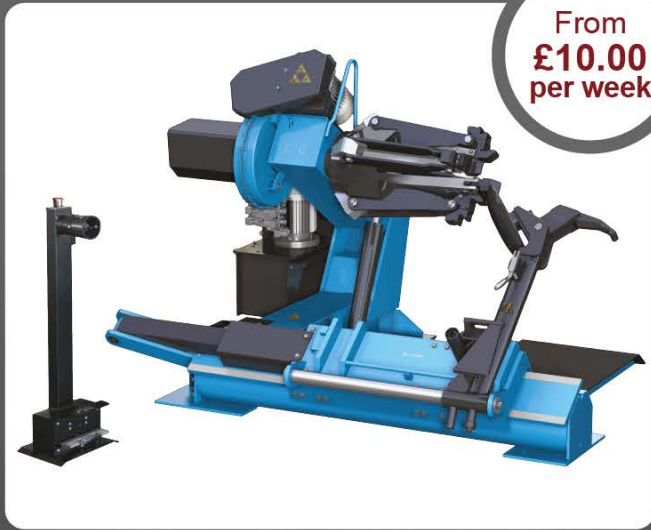

Contact [sales@fleetfactors.co.uk](mailto:sales@fleetfactors.co.uk) and a member of our Garage Equipment division will contact you.

## Tax benefits from leasing?

All purchases are eligible for tax relief and are treated as trading expenses.

# HOFMANN MEGAPLAN

## Megamount 752 Tyre Changer

Rim clamping capability up to 27 inches

The megamount 752 is a heavy duty tyre changer for truck and plant applications. Boasting a rim diameter capability of 14" to 56", O.D of 2300mm (90.5"), and rim width up to 1065mm (42"), this model is a great 'all-rounder' for anything from buses to heavy plant machinery.

A 2 speed chuck and portable control unit complete the luxury specification.

Available in 1ph or 3ph.

From  
**£29.99**  
per week

## Megamount 352 Tyre Changer

Rim clamping capability up to 27 inches

The megamount 352 is the ideal tyre changer for commercial workshops and truck tyre specialists. This model boasts all the features of bigger machines but carries a price tag that makes it affordable for a range of users. Suitable for any truck and heavy duty wheel rim, with a clamping capability of 13" to 27" and a 1600mm (63") max diameter, the megamount 352 is extremely versatile, whilst the 2 speed hydraulic chuck makes fast work of any job.

Available in 1ph or 3ph.

From  
**£44.50**  
per week

## Cascos C5.5 Super Duty Two Post Lift

A genuine 'van' lift, designed specifically for LWBs and approved by Mercedes-Benz, Renault and Peugeot.

All too often people make the mistake of buying a lift that is not suitable for large vans simply because they are driven by the lifting capacity.

'Super Duty' 3-Stage Arms all round ensure that this lift can cope comfortably with Long Wheel Base vans, and vehicles can be mounted from either direction. It is difficult to compare any lift with a Cascos, simply due to the solid rolled-profile steel column construction, but if ever there were an example of what makes a Cascos better than the rest, the C5.5 is surely it!

From  
**£17.99**  
per week

## Junior Truck - Wheel Balancer

The Junior Truck from Hofmann Megaplan is an affordable, heavy duty truck wheel balancer which is also capable of balancing car wheels. It has a pneumatic lifting device to ensure easy mounting of heavy commercial vehicle wheels and a host of additional features to make the balancing process as easy, fast and accurate as possible.

- Auto-brake after spin.
- Wheel lifter included.
- Rapid Optimization (OPT).
- Self-diagnosis and self-calibration.
- Four standard ALU balancing modes.
- Emergency stop by raising wheel guard.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# STERTIL KONI

## ST1075 Mobile Column Lift

Lifting capacity: 7,500 kg  
 Lift system: hydraulic lifting system with  
 • microprocessor-controlled  
 synchronisation

- Lifting height: maximum 1,850 mm,  
 • automatic stop at the highest position
- Lifting time: 75 seconds
- Motor rating: 2.2 / 3.0 kW per column (Cabled / Wireless)
- Weight: 595 kg per column (Wireless)
- Column height: 2,465 mm
- Other capacities are available: 8.5t, 10.0t, 13.0t  
 and 17.5t per column

## Heavy Duty 4-Post Lift

The hydraulic system is electronically controlled. This ensures a smooth lifting and lowering cycle, even in the event of an extremely uneven load distribution of the vehicle.

- Lifting capacity: 17.5 + 25 tonnes
- Lifting system: hydraulic
- Lifting height: 1900mm
- Lifting time: 70 seconds
- Motor: 4 x 2.2 kW

Platform lengths are available in 6, 8, 9, 10 & 11.5m offering maximum flexibility. This allows a wide range of vehicles to be lifted.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# STERTIL KONI

## Platform Skylift

The Stertil-Koni SKYLIFT is a fully hydraulic platform lift. It provides a “clear floor concept” with a completely vertical rise without any horizontal offset.

A truly space-saving premium heavy duty vehicle platform lift compared to conventional parallelogram or other platform lifts. The product’s elegant design includes two independent platforms, vertical lifting, no crossbeams, no overhang and no base frame. It provides free access from all sides with easy installation and minimal maintenance.

## COMPLETE LIFTING VERSATILITY, RELIABILITY AND DURABILITY

Safe and ergonomic

High return on investment

Strong and durable

- Lifting capacity from 20,000 - 70,000 kg.
- Various platform lengths 7 - 14.5 metres or in tandem 30 metres.
- Customer configured platform spacing width which can be determined during installation.
- Independent mechanical locking.
- Microprocessor-controlled synchronisation system.
- Distinctive Y-shaped smart design construction.
- Surface mounted or recessed.

The SKYLIFT is extremely versatile and delivers a high return on investment with low installation costs; low-to-no maintenance and maximum versatility. As the SKYLIFT does not require a pit, it can also be dismantled in the event of a move to a new workshop location. The SKYLIFT is available in a wide range of models, each with its own lifting capacity.

The Stertil-Koni SKYLIFT is a high quality and robust constructed platform lift. The top plates are not welded together like many conventional platform lifts on the market, and are constructed from one full piece of steel. This makes the SKYLIFT very strong and extremely durable.

Fully galvanised washbay version available.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# CARBON CLEAN

From  
**£47.99**

## CC-18 Pro Carbon Clean Machine

Specifically developed for the commercial and industrial sector, the CC18 has double the electrolytic tank and power ball configuration of the CC-16 running 18 separate HHO generators at 6.6KW. This gives the unit the gas production necessary to be able to efficiently clean any engine.

- Heavy duty machine.
- Ability to remove deeper carbon build-up.
- Accommodates all engine types.
- Set and forget feature.
- RAID technology.
- Touch screen.

- 30 minute service time for engines between 4-16 litres.

From **£29.99** per week

## CC-28 Carbon Clean Machine

The CC-28 is the ideal investment for commercial workshops and accommodates all engines from 4-16+ litres.

- New and increased power to the electrolytic tanks for increased oxyhydrogen production with 6.6 Kw, running 9 and 18 wet cells

- 18 X 18 RAID technology which means gas production will be unaffected at up to 1800 litres per hour!

- Cleans DPF Filters and includes DPF Smart Clean technology.

- Handles all engines including cars, commercials, boats and bikes.

- Flexiscope; a flexible borescope for high resolution visual inspection of the engine interior.

- Multi-user interface.

# ABAC COMPRESSORS

## 4116019759 Pro B5900B 200 FT5.5 (5.5Hp, 200Ltr, 17.7cfm, 400V)

This ABAC PRO B5900B 200 FT5.5 two stage belt drive compressor is a 5.5 HP static compressor mounted on a 200 litre receiver, suitable for a workshop with single phase. It is capable of running a standard spray gun, tyre inflator, impact/ratchet wrenches or a low consumption shot blast cabinet. This compressor is the perfect choice for small workshops.

## 4116020193 Pro B6000 270 FT7.5 (7.5Hp, 270Ltr, 28cfm, 400V)

This ABAC PRO B60000 270 FT7.5 two stage belt drive compressor is a 7.5 HP static compressor mounted on a 270 litre receiver, suitable for a workshop where three phase is available. It is capable of running a standard spray gun, tyre inflator, impact/ratchet wrenches or a low consumption shot blast cabinet. This compressor is the perfect choice for medium workshops.

From **£17.95** per week

## 4152054989 Spinn 5.5kW 10Bar (27.5cfm) 270Ltr Receiver

The SPINN 2.2-7.5 range offers significantly improved performance against other brands in the marketplace. Renowned for its reliability the SPINN Oil Injected Screw platform is the perfect partner for professionals as well as manufacturing businesses who rely on higher usage or continuous running conditions.

- The SPINN 2.2-7.5 produces only 61 to 68 dB(A).
- A higher level of air quality.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# ABAC COMPRESSORS

From  
**£22.23**

## CV Package

### The Industry's No. 1 Commercial Vehicle Diagnostic Package

Eclipse Jaltest CV Package is a multi-brand diagnostic solution for a range of commercial vehicle types. Covering truck, trailer, bus, coach and light cv, the Jaltest multi-brand package provides an all-round diagnostic solution with powerful results. The extensive package features guided fault diagnosis with linked technical information to wiring diagrams, component testing and vehicle repairs/service data. The Eclipse Jaltest CV package is a must for modern day technicians.

#### Whats Included:

- Eclipse Testpad Extreme Pro, handled workshop Tablet PC.
- Jaltest v9 multiplexer with long distance Bluetooth.
- Software coverage for truck, bus/coach, trailers and light commerical vehicles.
- Jaltest Soft diagnostic multi-brand software.
- European truck & trailer cable kit.
- On-site handover training.
- Eclipse remote assist.
- 12 months Eclipse technical support (Vehicle & I.T).
- 12 months software updates.

#### Functions:

- Reading and deleting of error codes saved in the vehicle ECU.
- Displaying and graphing of live vehicle data.
- Adjustment of vehicle settings.
- Activation of devices and components.
- Programming of ECU's on many systems.
- Detailed interactive wiring diagrams.
- Linked guided diagnosis.

# LASER TOOLS

## 7432 Bush Tool Spring Suspension for HGV

- For installation and removal of slotted bushes on HGV spring suspension.
- Includes a 12 tonne hydraulic cylinder (supplied without hydraulic pump).
- Installation protects the bush using the parallel working tension elements.
- Suitable for on-vehicle use.

- Ideal for use with Laser Hydraulic Hand Pump (Part No. 7861) and Air Powered Hydraulic Pump (Part No. 7862).

## 7861 Hydraulic Two Speed Hand Pump, 700 Bar

- Durable steel bodied design (530 x 135 x 155mm), with simple to use hand pump. Hose length: 1.8m, fitted with 3/8" NPT hydraulic couplings.
- Internal relief valve automatically releases pressure when maximum is exceeded.
- Two speed auto-switch reduces manpower and increases efficiency. 1st stage: 14 bar; 2nd stage: 700 bar.

- Usable oil capacity: 700cc. Always bleed the pump before use.
- Ideal for use with HGV Spring Suspension Bush Tool - please see Laser Part No. 7432.

## 7862 Air Powered Hydraulic Pump, 700 Bar

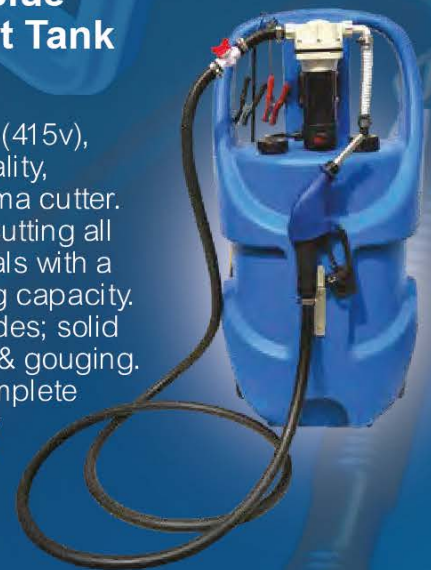

- Durable, compact design (242 x 127 x 204mm), with pedal control. Hose length: 1.8m, fitted with 3/8" NPT hydraulic couplings.
- Internal relief valve automatically releases pressure when maximum is exceeded.
- Output flow rate (no load): 0 bar: 1.3L/min; 700 bar: 0.24L/min. Air pressure range: 7-11kg/cm<sup>2</sup>.

- Usable oil capacity: 1500cc. Includes oil level gauge to monitor oil level.
- Ideal for use with HGV Spring Suspension Bush Tool - please see Laser Part No. 7432.

## 7115 AdBlue® Transport Tank 75L 12v

Three phase (415v), industrial quality, inverter plasma cutter. Suitable for cutting all types of metals with a 35mm cutting capacity. 3 cutting modes; solid sheet, mesh & gouging. Supplied complete with a quality Tecmo torch.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# LASER TOOLS

## 7143 Flow Meter for AdBlue®

- Measures the flow between 10L - 90L per minute.
- Thread size 1" BSP.
- Accuracy +/- 0.5%.

## 7229 Electric Drum Pump for AdBlue® AC/DC

Dual power: mains or 12 volt, giving a flow rate of 19L/min (5 gallons (USA)/min).

- Drum fitting 2" BSP.
- Also suitable for water based liquids such as antifreeze and windscreen washer fluids
- Supplied with 2m hose and swivel dispensing nozzle (ISO 22241 compliant).
- For connection to IBC tanks equipped with DN150 screw access, please use with Laser adaptor Part No. 60527 (included). CE, UKCA & RoHS compliant.

## 7604 Portable 5" Screen Inspection Camera

- High resolution LCD screen (5") 110mm x 65mm with 1280 - 720 pixels, with 70° viewing angle.
- Built in Micro USB port for recharging; built in 3500mAh Li-ion battery plus TF Card with 32GB memory. Built in LED torch 6 with 3 brightness levels.

- The extremely flexible, semi-rigid camera probe is 1m long with a lens of just 3.9mm diameter, allowing visual diagnostic access into a diesel engine through the glow plug aperture.
- Supplied with 750mm USB cable for recharging and 3 piece accessory set including magnetic pick-up, mirror & hook. IP rating: main body IP54, camera head IP67.
- Operating temperature range 0 - 45°C; CE, UKCA & RoHS compliant. Spare parts available: Mirror (Laser Part No. 60462), 3pc Accessory Set (Laser Part No. 61323) and Probe (Laser Part No. 61307).

# LASER TOOLS

## 6762 Injector Sleeve Remover/Installer for Volvo (FM)

- Applications: Volvo FM truck engines.
- The kit utilises an expanding collet design to grip the sleeve from above and attaches to the puller force screw.
- Equivalent to OEM 9986174, 88800387 and 9998254.
- Fitting tool expander supplied for copper type sleeves only.

- Steel sleeve installer kit available separately - see Laser Part No. 6817.

## 6817 Truck Steel Injector Sleeve Installer Kit - for Volvo

- Application: Volvo (FM) trucks.
- Specifically designed for steel sleeve, equivalent to OEM 21515329.
- For use with Injector Sleeve Remover/Installer for Volvo - please see Laser Part No. 6762.

## 7461 Truck Cabin Shock Absorber Spring Compressor

- Vehicle applications include Volvo Trucks FM, FH 500P and 540P.
- Spring size - ID: 65mm, OD: 89mm. Use with 1/2"D ratchet.
- Always ensure the weight of the cab is correctly supported - see OEM instructions. Use with shock absorber wrenches, please see Laser Part No. 6792.

- For hand tool use only - do not use with power tools. Do not exceed 80Nm torque.
- Allows safe compression of the cabin spring for shock absorber removal

## 7249 Clutch and Flywheel Jack 136kg - HGV

- The low profile of the jack, assembled clutch and four smooth-action castors make it easy to move into position under the vehicle.
- Capacity 136kgs (300lbs); min. height: 288mm; max. height: 980mm; weight: 60kgs.
- Tilt saddle enables the clutch to be positioned horizontally or vertically.
- CE & UKCA compliant.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

### **Bus, Truck, Trailer and Van Parts**

We can offer a full range of wholesale supplies of truck and trailer parts, tail lift parts & more to companies across the UK. We also stock an extensive selection of car parts from several high-quality brands and can advise which component or part best suits your requirements. All parts from our comprehensive car parts range from suspension and brake pads to batteries and bulbs, are supplied with full support and manufacturer's guarantees.

### **Refinish Products**

Fleet Factors are key distributors of car, van, truck and bus refinish products. Industrial coating products and systems are available to the large user in specialist finishes as well as the general coatings market.

### **Lubricants (Oils and Greases)**

We stock a full range of oils for cars, trucks, agricultural, motorbikes, industrial lubricants, mobile plant and AdBlue. As well as the full oil range and AdBlue we also stock greases and specialist lubricants for all applications including hydraulic oils, gear oils and cutting fluids.

# SEALEY TOOLS

## AB1008 100,000Btu/hr Space Warmer® Paraffin/Kerosene/Diesel Heater with Wheels

100,000Btu/hr (29.3kW) heat output. Clean burning. Fitted with thermostat and digital room temperature display both given in °C. Proven pump system can operate with either paraffin, kerosene or diesel. Fitted with safety cut-out. Complies with rigorous standards.

## IR13 13kW Industrial Infrared Diesel Heater

Diesel-fuelled Infrared technology heater has no electric fan ensuring there is no air movement and the heat is spread evenly in all directions, quietly and dust-free. Ideal for use in well-ventilated indoor areas including garages, workshops, warehouses and marquees. Extremely inexpensive to run using only around 1L of fuel per hour. Clean burn and precisely controlled fuel supply ensures that no unpleasant odours or carbon monoxide enter the air. Equipped with advanced safety features including overheat protection, auto-misfire, tilt, shock, low fuel shut-off sensors and flame-out fuel cut. Features 24hr timer and temperature control thermostat. Soft-touch control panel with LED display. Fitted with four castor wheels for easy manoeuvrability.

## PEH2001 2000W Industrial PTC Fan Heater - 230V

Features PTC heat conducting ceramic elements to achieve an instant, odour-free heat. Ambient room thermostat maintains temperature at a preset level. Ideal for industrial applications with two heat settings or fan only. Supplied with power cable and 3-pin plug.

# SEALEY TOOLS

## LED1001 8W COB & 1W SMD LED Rechargeable Inspection Light

Smooth 90° flex with additional 360° twist function enables the light source to be positioned in any direction. Super bright 8W COB LED provides up to 1000 lumens output with 120° spread of light illuminating the whole work area. Includes an additional high power 1W LED directional torch. Features a swivel hanging hook and rubber covered magnet on the base to allow hands-free operation. Two high quality 2.6Ah Lithium-ion batteries for longer life. No memory effect and a much slower discharge than traditional Ni-MH batteries. Type-C charging port. Supplied with Type-C USB cable.

## RS105B 2400/1400A 12/24V RoadStart Emergency Jump Starter

Composite case with integral battery clamp storage and carry handle. Suitable for starting 12V vehicles with 8-cylinder petrol engines up to 6L and 8-cylinder diesel engines up to 4.8L. Also suitable for starting 24V vehicles with 6-cylinder petrol engines up to 3.5L and 6-cylinder diesel engines up to 3L. Front panel displays internal battery charge level and includes an integral LED work light. Reverse polarity and short circuit protection with audible warning. Mains charger with automatic power cut-off prevents damage to battery whilst charging. Inbuilt MOSFET circuit protection. Fitted with two 12V power sockets that will accept any 12V device with a vehicle accessory socket plug.

## START660 800/110A 12/24V Starter/Charger

Heavy-duty starter/charger for professional garages, workshops or bodyshops. Caters for all requirements from cars right up to light commercial vehicles. Includes a fast-charge timer device to enable rapid battery recovery with reduced risk of boiling the battery. Features analogue ammeter, switchable charge circuitry for accurate charge control and large wheels for easy mobility.

# SEALEY TOOLS

## LED3000PB 30W COB LED Portable Floodlight and Power Bank

30W COB LED Compact portable floodlight. Five modes of light ranging from 300-3000lm. Rechargeable high quality 7.4V Li-ion battery. 180° swivel stand for a range of lighting angles. Five LED battery level indicators and low power warning. Supplied with 1m Type-C USB charging cable. Power bank output 5V-2A.

## 4040AG 4 Tonne Trolley Jack with Rocket Lift

Single-piece hydraulic unit with heavy base design and large jacking saddle. Universal joint release mechanism allows safer, more controlled lowering of the jack. Rocket lift feature brings lifting arm into contact with jacking point with just minimal pumps. Polyurethane wheels for smoother manoeuvrability help prevent damage to workshop floor. Magnetic wheel nut retention tray. Protective jack handle sleeve helps prevent accidental damage to car bodywork when pumping the handle. Range available in five different colours. 2 Year Guarantee-2nd year subject to T&Cs and registration on website ([www.sealey.co.uk](http://www.sealey.co.uk)).

## AK7980HV 144pc Mechanic's Tool Kit

Standard Sockets; 1/4" Sq Drive; 4-14mm, 1/2" Sq Drive; 15-32mm, Female TRX-Star\* Sockets; 1/4" Sq Drive; E4-E8, 3/8" Sq Drive; E10-E18, 1/2" Sq Drive; E20-E24, 1/4" Hex Bits; Slotted, Phillips, Pozi, TRX-Star\*, Security TRX-Star\*, Hex, 10mm Hex Bits; TRX-Star\*, Hex, Spline, 1/2" Sq Drive 16mm Spark Plug Socket, 1/4", 3/8" & 1/2" Sq Drive accessories, Combination spanners; 10-19mm, Hex keys; 1.5-10mm, Folding imperial-hex key Set; 5/64 - 1/4", Screwdrivers; (Phillips & Slotted), Pliers; (Combination, Long Nose, Water Pump & Side Cutters.)

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# SEALEY TOOLS

## STW900SET 3pc Micrometer Style Torque Wrench Set

Flip reverse Chrome Vanadium steel ratchet head with smooth action mechanism. Scales graduated in both Nm and lb.ft. Calibration tolerance in accordance with BS EN ISO 6789-1:2017. Wrenches are individually tested to standards with  $\pm 4\%$  accuracy and each wrench is issued with an individually numbered test certificate. Aluminium knurled handle for comfort and control. Supplied in EVA tray.

## VS869 Smoke Diagnostic Tool Leak Detector EVAP

Allows the technician to pinpoint all manner of system leaks including the air intake, cooling, evaporation, fuel, exhaust and vacuum systems. Fast and simple-to-use maximising earning potential. System is clean and quick to use and connects to a 12V vehicle battery. Features EVAP and smoke mode with flow control valve. Supplied with cone adapter, power cord clamp, valve core wrench, test oil refill bottle, smoke hose, EVAP connector, universal airbag adapter, rubber blanking cones (x8). Mineral oil not included.

## APDT435 4-Level Multipurpose Trolley for Diagnostics

Multipurpose trolley with four shelves. Ideal for diagnostics and general use around the workshop. Compact in design with tough industrial powder coated finish. Four open shelves with 10mm EVA liner on top shelf and a lockable compartment makes it suitable for storing laptops, testers, leads and battery chargers. Easily manoeuvrable with ergonomic side handles, two front steering swivel castors and two rear fixed wheels. Supplied with side tray and paper towel holder. Side pegboard panel which will work with the Sealey TTS range of hooks.

# WILKINSON STAR

## AS-160 AutoStar MIG 160 Welder

- Highly portable compact MIG welder.
- Takes 5kg wire spools 0.6 - 0.8 mm.
- Ideal for the bodyshop and automotive workshop as well as site work.
- Welds steel, stainless steel, aluminium and flux cored wire.
- Professional inverter with high duty cycle for extended use but with low input power requirement.

## AS-200 AutoStar MIG 200 Welder

- MIG/MMA welding power source with high duty cycle for professional users.
- MIG welding 0.6 - 0.8 mm wires - steel, stainless steel, aluminium and flux cored wire.
- Takes 5 or 15kg reels.
- Stick electrode (MMA) welding rods up to 4.0 mm.
- Precise inverter control gives superb arc characteristics.

## Mosa MagicWeld 150 Engine Driven Welder

- Arc welding source in D.C. welding.
- Welds any type of electrode including cellulosic.
- D.C. generator.
- Engine shut-down (oil alert).
- MOSA Power optimiser.
- Auto Idle
- Meets EC directives
- High frequency control of welding current and voltage.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# WILKINSON STAR

## 35.23200-5 ArcStar GW5-200 HBM Petrol Welder Generator

- Petrol welder generator.
- 40 - 200A.
- 170A @ 60%.
- 4500W 230V - 2250W 110V.
- 1 x 16A Plug 230V & 110V.
- Switched amperage.
- Honda GX390 Petrol.
- Weight: 99 Kg.

## 35.27273PB-5 Mosa TS 200 DES/CF Diesel Engine Driven Welder

- Arc welding source in D.C. welding.
- Welds any type of electrode including cellulosic.
- Double welding output (20-100A / 90-190A).
- A.C. generator, 230V/110V.
- Yanmar diesel engine.
- Ground fault interruptor.
- Sockets: 1 x 230V 16A - 2 x 110V 16A.
- Electric starter.
- Meets EC directives.

## RJM-MIG-250 MIG 250 Welder

The MIG 250 compact is equipped with powerful IGBT components and a singular PCB for improved efficiency and maintenance.

- MIG, MMA and Lift TIG functions are available.
- Advanced IGBT inverter technology
- 40Khz inverter frequency, high efficiency.
- 4 Roll drive system.
- Mutli process, 15kg wire spool size.
- Dinse socket size 35-5.
- Lift TIG arc ignition.
- Easy arc starting, low spatter.

# WILKINSON STAR

## Workhorse Screw Compressor with Dryer

- IE3 High efficiency motors.
- Microprocessor controlled panel.
- Low noise levels.
- Star/delta starting.
- Belt driven for reduced power loss.
- Complete with refrigerated dryer ready for use.
- Easy panel access for service intervals.
- Triple separation of oil & air ensures low oil carry over.
- Ready to go package – no expensive pipework required.

## WR3HP-200S-1 Workhorse Belt Drive 3HP 200Ltr 230V Compressor

- Cast iron blocks on all models.
- Twin cylinder pumps.
- Fitted aftercoolers.
- Aerodynamic flywheels for efficient cooling.
- Automatic stop/start controls.
- Slow running pump speeds giving lower noise levels & longer life expectancy.
- Air receivers built to last European standards 2019/29EU
- Heavy duty industrial c/w overload protection.
- Full back up by our factory trained engineers.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# WILKINSON STAR

- Full back up by our factory trained engineers.
- Heavy duty industrial c/w overload protection.

## WRN7.5HP-270S Workhorse Belt Drive 7.5HP 270Ltr 400V Compressor

- Cast iron blocks on all models.
- Twin cylinder pumps.
- Fitted aftercoolers.
- Aerodynamic flywheels for efficient cooling.
- Automatic stop/start controls.

• Slow running pump speeds giving lower noise levels & longer life expectancy.

• Air receivers built to last European standards 2019/29EU

## F-Tech Pocket Portable Welding Extraction Unit

Designed to extract and filter fumes from welding processes, micro dust, vapours and odours.

- Deodorizer carbon filter.
- Magnetic nozzle.
- 2m Hose, 50mm diam.
- 99.5% filter efficiency.
- Meets HSE regulations.
- Fully serviceable.
- Hourmeter.
- Spark arrestor.
- Very lightweight.

## CR28S4 Airfed Welding & Grinding System

Includes Storage/Carry Bag

4 Arc Sensors, DIN-9 -13 Dark Shade, DIN 4 Clear Shade, 160 Side Vision, Solar Power, Twisted Nematic, Conforms to EN166b, 175B & 379. 2 Airflow speeds 180 & 200 ltr/pm, clogged filter alarm, 4 cell lithium-ion battery with 10 hrs running time.

Supplied with FR Protection Hood

## Weltek K-12 True Colour Auto Darkening Goggle

- True colour.
- Compact.
- Lightweight.
- Suitable for welding.
- Glasses can be worn under this goggle.

# GYS - MADE IN FRANCE

## 013612 Multiweld 160

160 Amp MIG welder – Featuring inverter technology. Ideal for general workshop maintenance & with low amps for repairing car panels, slampanels, chassis leg etc. and 160 Amps for 4x4 ladder chassis repairs. 3 in 1 MIG Gas, MIG no gas, MMA (Arc). Takes 5Kg and 15Kg reels, easy to use controls to ensure the best weld possible. Runs off 240v 3 pin plug.

## 061545 Portable Welding Fume Extractor

Designed to extract and purify dry fumes generated by various welding processes. The fume extractor has a removable arm pivoting at 360°. Single phase (240v) with two stage filtration.

From  
**£12.35**  
per week

## 065482 Multiweld 220

220 Amp MIG welder – Featuring Inverter technology. Ideal for general workshop maintenance. 3 in 1 MIG Gas, MIG no gas, MMA (Arc). Takes 5Kg and 15Kg reels, easy to use controls to ensure the best weld possible.

From  
**£10.00**  
per week

## 029743 Easycut 40 Plasma Cutter (40Amp)

Ultra-compact and portable inverter plasma cutter. Suitable for cutting all types of metal, Max cut 18mm steel (15mm aluminium). Supplied complete with a quality torch. Requires 4.5 bar, 115l/min compressor.

From  
**£10.00**  
per week

## 065123 Multiweld 320

320 Amp, three phase, MIG welder – Featuring inverter technology. Ideal for heavy duty workshop maintenance & fabrication. 3 in 1 MIG Gas, MIG no gas, MMA (Arc). Takes 5Kg and 15Kg reels. Easy to use controls to ensure the best weld possible.

From  
**£7.99**  
per week

## 013841 Heavy Duty Plasma Cutter (70Amp)

Three phase (415v), industrial quality, inverter plasma cutter. Suitable for cutting all types of metals with a 35mm cutting capacity. 3 cutting modes; solid sheet, mesh & gouging. Supplied complete with a quality Tecmo torch.

From  
**£12.25**  
per week

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

## MADE IN FRANCE - GYS

**069602 Air Fed  
Welding Helmet**

Features an air purifying system to protect the user from harmful welding fumes as well as having an XLscreen with True color technology which gives the user an enhanced & clear viewing area to reduce eye strain & improve weld accuracy. Runtime on a single charge up to 8 hours.

**U54699  
Powerduction  
50LG Pack**

240volt, 5200Watt Induction heater suitable for car, plant & CV workshops.

- Designed to release seized bolts & metallic components.
- Fast flameless heat – heats M14 nut in 1 second.
- No damage to surrounding objects (wiring looms, rubber boots, carpets etc).

From  
**£19.10**  
per week

**U56992 Powerduction  
37LG Trolley Deal**

240volt, 3700Watt induction heater suitable for automotive workshops.

- Designed to release seized bolts & metallic components.
- Fast flameless heat – heats M10 nut in 1 second.
- No damage to surrounding objects (wiring looms, rubber boots, carpets etc).
- Many automotive applications for releasing seized components including;
  - Manifold studs
  - Track rod ends
  - Exhaust clamps
  - Wheel nuts

From  
**£12.75**  
per week

**U95850  
Powerduction  
110LG Pack**

415volt, 11,000Watt Heavy duty Induction heater suitable for car, plant & CV workshops.

- Designed to release seized bolts & metallic components.
- Fast flameless heat – heats M18 nut in 1 second / 4mm plate in 4 seconds.
- No damage to surrounding objects (wiring looms, rubber boots, carpets etc).

From  
**£23.99**  
per week

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# GYS - MADE IN FRANCE

## 024588 Batium 15.24 Workshop Smart Charger (12v/24v)

Designed specifically for modern battery types unlike traditional style battery chargers which are not suitable for modern AGM & EFB stop/start batteries, using your old style charger on these batteries could damage the battery or the vehicle's ECU's. The Batium 15.24 charger provides full protection for vehicle electronics without the need to disconnect the battery.

## 025967 Gysflash 101.24 CNT 100Amp Battery Support Unit

- Stabilises vehicle voltage & supplies up to 100Amp current on demand.

- Prevents damage & data loss during diagnostic testing & reprogramming.

- Connected Technology - future software updates downloadable, extract charging data via USB, connection to Wi-Fi, printer, scanner etc.

- DIAG+ mode – user adjustable voltage 12-14.8v (in 0.1 v increments).

- Charger mode – charges all battery types including EFB & AGM stop/start + Lithium.

## 026506 Smart Starter/ Smart Charger 12v/24v Startium 980

The first SMART Starter Charger on the market.

- Protects vehicle electronics against polarity reversal, overcharging & short circuit when jump starting.

- Suitable for cars, vans, tractors, bus/coach & HGV's

- Charges all common battery types incl EFB & AGM stop/start without need to disconnect battery (max 225Ah).

## 026711 Startpack Pro 12.24V XL

The most advanced 12v/24v booster pack on the market featuring a smart starter management system. Suitable for starting cars, vans, bus/coach, LCV and HGV.

- Will supply start current on key turn.

- Detects short circuit & polarity reversal & prevents risky starts

- Huge starting power 8500A peak (12v) / 4250A peak (24v).

From  
**£9.99**  
per week

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# MADE IN FRANCE - GYS

## 041318 Anti Arc Voltage Spike Protection

Protects the electronics of a vehicle by absorbing voltage peaks during welding operations, jump starts or other maintenance work.

- Green LED shows protection is activated.

- For protecting 24v systems two units are required (connect 1 per battery).

## 056404 Heavy Duty 700Amp Jump Leads

Heavy duty jump leads with brass clamps.

- 4.5m long.

- 35mm<sup>2</sup> cable.

- Suitable for starting cars, vans, LCV/HGV.

## 056619 Super Heavy Duty 700Amp Jump Leads

- 5m long.

- 50mm<sup>2</sup> cable.

- Suitable for starting cars, vans, LCV/HGV.

- Surge protection built in.

## 068162 Startpack Pro 12.24 Heavy Duty Booster Pack

Designed for starting 12/24v vehicles (cars, vans, bus/coach, LCV & HGV).

- 6200Amps peak (12v) / 3100Amps peak (24v).

- Features polarity reversal, over voltage & short circuit protection for vehicle electronics.

- Internal smart charger allows permanent connection to mains to ensure pack is always fully charged & ready for use.

## 025905 Nomad Pro 24XL Lithium Booster Pack 24v

• Heavy duty, 24v booster pack suitable for starting LCV's, bus/coach & HGV (3000Amps peak current).

- Polarity reversal, anti spark, short circuit & excessive current protection for vehicle electronics.

- Emergency power bank with 2x USB ports + auxiliary power outlet for charging smartphones, iPads, GPS devices etc.

- Small & Compact (less than 6kg).
- Built-in LED worklamp.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# GYS - MADE IN FRANCE

## U32880 M3 GYS Auto Kit

From **£13.79** per week

Professional MIG and Brazing Synergic Welder. Ideal for car body repair including brazing. 15A – 160A. Suitable for  $\varnothing$ 100mm,  $\varnothing$ 200mm and  $\varnothing$ 300mm wire reels. Synergic control mode allows faster and easier set up. Instantaneous switching between use in steel, aluminium or brazing.

## U22700 GYSPOT 2700 Dent Pulling Kit +

Dent pulling and straightening. Welding of stars and washers for panel pulling, wavy wire welding (ideal for curved surfaces). Contact shrinking, to work on light impacts. Suitable for use with a carbon heating electrode.

## U37810 Alien XXL True Colour Welding Helmet + Backpack

Adjustable shade 5-9/9-13. 4 Sensors: high sensitivity. 100 x 90mm screen. True Colour technology.

Pack includes FOC backpack.

## U64843 Spot Lift Easy Kit

Mobile Hydraulic Vehicle Lift. Lifts vehicles up to 2.2T. Maximum vehicle height 70cm. Hydro pneumatic pump. Forks for lifting. 4 Base wheels for easy movement. W 76cm x H 127cm x D 89cm. 84kg.

## U19709 Proliner 39.02 Dent Pulling Kit

From **£11.50** per week

240v Auto Body Repair Station including spotter with automatic contact ignition. Dent pulling repair for small, medium and large dents. Maximum welding current 3800A, microprocessor control. Easy operation, automatic welding power optimization. Multifunction gun: slide hammer, bolt-welding, T-pins, 3m Earth clamp and cable hanger.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# MADE IN FRANCE - GYS

## U52154 Ringmatic Pulling Ring Feeder

This ring loader enhances accuracy, improves productivity and makes dent pulling work easier.

## 052338 10 Tonne Hydraulic Cylinder Kit

Ideal for multiple dent repairs on sills, chassis etc. Supplied with a case the kit includes;

6 x various shaped feet  
1 x rubber foot  
4 x extension pieces  
1 x male connector and  
1 x spreader.

## 063303 GYPRESS 10T Riveting Kit

10 Tonnes of pressure, integrated pressure gauge, quick arm change design and arm rotates 360 degrees. Magnetic matrix for easy positioning, supplied with carry case.

From  
**£13.25**  
per week

## 071353 GYSDUST Extractor

Pneumatic dust-extraction unit for sanding-dust designed specifically for car-body repair.

ATEX certified: suitable for explosive atmospheres, suitable for using abrasives on aluminium car bodies. No moving parts. No filter to clean. Adjustable sanding pressure and pressure gauge.

## 051775 Pneumatic Surface Remover Kit

Pneumatic scraper for multiple surface stripping applications in automotive bodywork. Perfect for cleaning: welds, coatings, stickers, foundations, painting of body panels, rust. Has removable side handle. Low noise level 86dB. Low heat generation.

# INGERSOLL RAND

## 2235QTIMAX 1/2" Pneumatic Impact Wrench

The powerful 2235QTIMAX Series impact wrench is lightweight, durable and versatile. It will withstand anything you throw at it and still deliver the same quality output every time.

- A lightweight, balanced, air impact wrench that weighs just 2.1 Kg.
- Titanium hammer case is designed to be strong and durable and to protect the interior components of the air impact wrench.
- 1760 Nm nut-busting torque.

## 231GXP-K 1/2" Impact Wrench

The heavy duty 231GXP Impact Wrench has the reliability and durability you've come to expect from the Ingersoll Rand name. This powerful tool provides an even impact and is durable enough to last within the toughest work environments.

- 610 Nm of maximum reverse torque.
- Powerful reverse-bias 6-vane motor.
- Rubber handle grip offers great operator comfort.

## 2135QXPA 1/2" Impact Wrench

The 2135QXPA Series Impact Wrench was built on the hardworking and respected foundation laid by the 2135QTIMAX. The result is a light, quiet and powerful impact wrench that delivers an incredible level of performance and power at a cost that won't punish your wallet. The 2135QXPA is the finely tuned and finely crafted impact wrench you need to tackle the toughest jobs.

- 1057 Nm of maximum reverse torque and 1490 Nm of nut busting.
- Reverse-bias 7-vane motor.
- 4 position power regulator helps adjusting power.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# INGERSOLL RAND

## 2146Q1MAX 3/4" Pneumatic Impact Wrench

The most powerful 3/4" air impact wrench in its class. Available in 3/4" (2146Q1MAX) or 1" (2146Q2MAX) drive pistol grip configurations, these tools have been engineered with an innovative pressure gauge that ensures optimized air flow and pressure.

- Optimised airflow for maximised performance when using this pneumatic impact wrench.
- 2700 Nm of nut-busting Torque and the ability to monitor pressure for optimum performance.
- 6-vane motor delivers added power.

## W9691-K4E-EU 1" Extended 40V Cordless Impact Wrench, 4 Batteries (20V-5Ah) and Dual Charger

Introducing the world's most powerful extended anvil 1" cordless impact wrenches: the W9491 & W9691 from Ingersoll Rand. Get up to 4000 Nm of nut-busting torque with 100% mobility from the market leader in 1" impact wrenches. This powerful cordless impact wrench combines the power of air with the freedom of cordless mobility.

- Integrated Power Control System.
- 4 power control modes with 2 shut-off (250 & 550 Nm).

## 2850MAX 1" Impact Wrench, Available with 6" Ext (2850MAX-6)

The 2850MAX has 2,100 pounds of maximum reverse torque to loosen stubborn lug nuts with less effort from the technician. It delivers 5,500 revolutions per minute (RPM) and 770 blows per minute (BPM) to complete heavy-duty tasks.

- 360-degree adjustable side handle with an ergonomic grip so technicians can customise the handle location for the specific job at hand.
- Chemical-resistant composite housing.
- Swivel hose connection.

## 1077XPA 1/2" SQ DR Ratchet - Pneumatic

The Ingersoll Rand 107XPA and 1077XPA Series ratchet offer professional technicians performance and comfort with great value for money. The advanced head design provides increased durability to one of the industry's most popular ratchets.

- 360-degree.
- Increased control with the power regulator.

## 105-D3 3/8" SQ DR Ratchet - Pneumatic

The 105 Series of air ratchet wrenches offer professional technicians performance, comfort and durability with great value for money. They are small and easy to handle in vehicle repair applications. The low profile forward/reverse control has a wide diameter for easy grip and increased control in confined spaces.

- 34 Nm max torque and 280 rpm free speed.
- Aluminum housing and steel head construction.
- Improved durability and consistent performance.

## R3150-K12-EU 1/2" Ratchet, 1 Battery, 2.5AH Kit With Case

The Ingersoll Rand R3150 20V Ratchet delivers the power you need where you need it. Designed for professional service technicians the R3150 offers exceptional performance in a variety of applications. With long-lasting durability and best-in-class power to-weight ratio for access to tight spots, you can rely on the R3150 Ratchet to do the job, do it fast, and do it every time.

- With 73 Nm of maximum torque, the R3130 & R3150 cordless ratchet delivers the same kind of power you expect from an air tool.
- Ultra strong reinforced handle.
- Variable-speed switch with electronic brake.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# INGERSOLL RAND

## W7152-K22B-EU 1/2" 20V High Torque Cordless Impact Wrench, 2 Batteries (20V-5Ah), Charger with Case

The all new W7152 is the most powerful 1/2" cordless impact wrench in its class. Delivering 2,040 Nm of nut-busting torque and utilising the IQV Intelligent Control System, the W7152 can go from max torque to "hand tight" in no time.

- Includes the IQV Power Control System with 4 modes: Full Power, Half Power, Wrench Tight, and Hand Tight.
- 4 dimmable settings on the shadowless 360° LED light ring.
- 207 mm short tip-to-tail design.

## W7172 3/4" 20V High Torque Cordless Impact Wrench, 2 Batteries (20V-5Ah) Kit With Case

Built from the success of the W7152, the all-new IQV20 Series W7172 3/4" 20V High Torque Impact Wrench delivers 1500 ft-lb of nut-busting torque and utilises the IQV Power Control System, moving from max torque to "hand tight" in no time with the best in class length from tip to tail.

- Tuned impact mechanism with 2040 Nm nut-busting torque and 1360 Nm of MAX torque.
- Includes the IQV Power Control System with 4 modes: Full Power, Half Power, Wrench Tight, and Hand Tight.

## W5350-K12-EU 1/2" 20V Right Angle Impact, 1 Battery Kit, 2.5AH With Case

- 245 Nm of maximum torque.
- High-power, extended-life 20-volt lithium-ion battery is compatible with BL2012 and BL2022.
- From 0-1900 rpm instantly.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

# REDASHE

## JAODE090CV 2 in 1 Waste Oil Drainer

- Combination suction & gravity waste oil drainer unit.
- 90 Litre capacity.
- Extracts used oil from any vehicle using the venturi / vacuum extraction system.
- Suitable for draining oil by gravity from engines, gearboxes, and differentials on all vehicles.
- Includes six suction probes (metal & flexible).
- Adjustable collection bowl height.
- Air pressure required.
- Self-evacuating feature makes emptying clean and simple.

## JT563190 Pump Away Drainer

- Tank capacity: 90Ltr / 24gal.
- Collection bowl capacity: 15Ltr / 4gal.
- Extension funnel diameter: 580mm
- Pump ratio: 1:1
- Pump working pressure: 5-8 Bar / 70-115 PSI
- Collection bowl adjustable height: 1190mm - 1730mm
- Overall size: 630x415x1730mm

## JOS200 Mobile Oil Kit

Mobile oil dispensing unit for 205Ltr drums, suitable for dispensing oil at medium/high viscosity.

- 3:1 Air operated oil pump.
- 205Ltr drum trolley.
- Pump to reel connecting hose.
- 15m hose reel.
- Digital oil control gun.
- All items sold seperately.

## C808-OKMD Oil Dispensing Kit

Designed to pump oil up to SAE130 from 205ltr drums.

Kit Includes:

- 3:1 Air operated oil pump.
- 205Ltr drum trolley.
- Pump to reel connecting hose.
- 15m hose reel.
- Digital oil control gun
- All items sold seperately.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.

## Grease Pump Kits

Air operated grease pump kit suitable for use with 12.5kg and 50Kg grease kegs, complete with 4mtr hose, booster gun, 'Z' swivel, lid, Follower plate and pump. Optional trolley also available.

Part Number:

**J1700512** - 12.5kg

**J1700524** - 50kg

**J1708001** - Trolley

## RB1988 Battery Grease Gun

Professional 18 volt lithium-ion cordless grease gun, ergonomically designed to help reduce operator fatigue, which can develop up to 10,000psi of pressure, 3-way loading, 1 hour fast charge, spare battery and features a built in LED light which illuminates your work area. All supplied in a robust carry case.

## Heavy Duty Grease Pump Kits

Heavy duty air operated grease pump kit suitable for use with 180kg grease kegs comes complete with 4mtr hose, booster gun, 'Z' swivel, lid, Follower plate and pump. Optional trolley also available.

Part Number:

**J17125060** - 180kg

**J1708003** - Trolley

## JGS200 Trolley Dispensing Kit

Mobile grease dispensing unit for 180kg kegs, suitable for up to NLGI 2 grease.

**Kit Includes:**

- 50:1 heavy duty air operated grease pump.
- 180kg drum trolley.
- Pump to reel connecting hose.
- 15m hose reel.
- Booster gun.
- 'Z' Swivel.
- All items sold seperately.

# REDASHE

## Air Hose

- TRB6100 - 15m x 3/8" hose complete with 1/4" BSPF ends.
- TRB6200 - 20m x 3/8" hose complete with 1/4" BSPF ends.
- TRB6300 - 30m x 1/2" hose complete with 1/2" BSPTM ends.
- This flexible hybrid polymer hose has zero memory allowing it to lay flat and not work against you during operation.
- Working pressure up to 300 psi.

Part Number:

- TRB6100** - 15m
- TRB6200** - 20m
- TRB6300** - 30m

## C2681 Safety Cable Reel

The C2681 series cable reel combines the convenient storage of 3 core electrical cable but with the added safety feature of speed control rewind. The slow retraction system prevents the cable from retracting back to the reel if the operator accidentally lets go of the cable. In a durable high quality impact resistant polypropylene casing making it light & compact.

## Safety Hose Reel

Multi-functional hi-vis safety spring rewind air hose reel has an automatic rewind system which prevents the hose from bunching when retracting the hose back. The system layers the hose back onto the reel from side to side making it neat and tidy every time. The slow retraction system will prevent the hose from retracting back to the reel if the operator accidentally lets go of the hose.

Part Number:

- C2782** - 15m x 3/8"
- C2783** - 15m x 1/2"

- Hose Length: 15m.
- Max Pressure: 300psi.

## Barrier Tape Reel

Warning tape reels are ideally suited to industrial and commercial situations where a safety barrier is required to prevent people from entering an unsafe or restricted area.

- Tape Capacity: 16m.

Part Number:

- SR100-05** - YL/BK
- SR100-06** - RED/WT

# REDASHE

## RDIX22A Drester X-Series 22

The RDIX22A is the complete workstation for cleaning solvent or waterborne commercial paint spraying equipment. It combines manual and semi-automatic gun cleaners side by side in one unit.

- Semi-automatic.
- Hand control.
- Clean rinse.
- Spray-out facility.
- Air blow off gun.
- Water or solvent.
- Comes complete with air vent & trunking kit.
- Fume extraction.
- Manual wash facility.

## R3600-INOX Drester 3600

The R3600-SS Gun Cleaner is a semi automatic unit that works in two stages. The enclosed automatic wash runs for two minutes using recirculating solvent washing guns internally and externally. The gun is then rinsed manually with clean solvent spray.

- Semi-automatic.
- Clean rinse.
- Spray-out facility.
- Fully enclosed.
- Stainless steel bowl.
- Complete with trunking kit.
- Sagola, Devilbis, Iwata and SATA approved.
- Air purge line

## RDIX22A Drester X-Series 22

The Top Frame 900 is designed to clean large parts with solvent. The unit is easy to use and swap between recirculating and clean rinse solvent. The double diaphragm pump is pneumatically driven providing a low pressure high volume stream of fluid. An air gun is provided to dry off the part once clean. The unit has a built in extraction point to enable fumes to be removed from the working area.

All prices shown subject to VAT, finance/lease quoted subject to status and acceptance, lease offer applies to Limited businesses only, E&OE.
